Subject : Manual revisions

Effectivity type: DG single seaters
Variants: DG-100, DG-100G, DG-100 ELAN, DG-100G ELAN
DG-200, DG-200/17, DG-200/17C
DG-300, DG-300 ELAN, DG-300 Club ELAN, DG-300 ELAN Acro,
DG-300 Club ELAN Acro
DG-400
DG-600, DG-600/18, DG-600M, DG-600/18M

Accomplishment : Prior to the next maintenance or next annual inspection, latest August 31. 2010

Reason : For the abovementioned variants the maintenance manuals have been transformed in a new standardized format. By doing this manuals of different variants have been combined into one manual as far as is reasonably practical.
Due to the new format most information is to be found on different pages than in the initial manuals. Therefore it is necessary to replace all pages and not only pages with amendments.
All manuals have been updated to the latest level of knowledge.

Instructions : DG-100, DG-100G, DG-100 ELAN, DG-100G ELAN:
Replace all pages of the existing flight manual against the flight manual for the sailplane DG-100 issue December 2009,
Replace all pages of the existing maintenance manual against the maintenance manual for the sailplane DG-100 issue December 2009

DG-200, DG-200/17, DG-200/17C:
Replace all pages of the existing maintenance manual against the maintenance manual for the sailplane DG-200 issue December 2009

DG-300, DG-300 ELAN, DG-300 Club ELAN, DG-300 ELAN Acro,
DG-300 Club ELAN Acro:
Replace all pages of the existing maintenance manual against the maintenance manual for the sailplane DG-300 issue December 2009

DG-400:
Replace all pages of the existing maintenance manual against the maintenance manual for the motorglider DG-400 issue December 2009

DG-600, DG-600/18:
Replace all pages of the existing maintenance manual against the maintenance manual for the sailplane DG-600 issue December 2009
DG-600M, DG-600/18M:
Replace all pages of the existing maintenance manual against the maintenance manual for the motorglider DG-600M issue December 2009

All variants: Those manual pages or other documents which have been changed with regards to contents are listed in the amendments list of the respective manual. The new or amended text will be indicated by a black vertical line at the right hand margin of the revised page and should be regarded.

Material : Manuals see instructions.
These manuals have to be ordered from the TC holder DG Flugzeugbau GmbH.
They are only valid for the aircraft ser.no. printed on the cover page.

Remarks : The instructions may be executed by the pilot/owner himself and are to be inspected and entered in the aircraft logs by a licensed inspector at latest with the next annual inspection.

In accordance with general aviation practise and additionally for EASA countries according to part M M.A.401 maintenance or annual inspections are only allowed to be carried out if the current manuals are readily available for use.

In parallel to the manual revisions EASA will publish a new TCDS EASA.A.239 with the type designation “DG single seaters” which combines the LBA TCDS’s 301, 323, 359, 826, 370 and 866.

The miscellaneous changes to the contents of the latest amendments to the original manuals which are in these revisions will not be appended to the original manuals. The same applies for all future changes.

Bruchsal, date:
May 31. 2010
